Ongoing & Future WN Extensions

On the pipeline for OMW:

- + **Revise the DB Structure** to accommodate different lemma level representation (orthographic variations, use of multiple scripts, romanisation, etc.);
- + Online Reports/Stats & Adjudication Interface (new data);
- + New Display Modes (e.g. experimental data);
- + Allow editing of sense links;
- + Improve Login System;
- + 'Beautifying' the interfaces (e.g. language selection, edit modes, etc.);
- + We're always open to suggestions!

Tagging country (60330:23 eng)

60327 We have put together a special feature, including introductions of the recipients work by members of our advisory and nominating committees, their curriculum vitae, and congratulatory messages.

60328 Times Square, echoing with construction noise, is covered in snow.

60329 This is Richmond Hill, one of a cluster of satellite cities in north Toronto, Canada, that make up the greater Toronto area.

60330 At the end of last year, the population stood at 87,000 people, but with the highest population growth rate in the country, it has now surpassed 100,000.

60331 Times Square, located along the main avenue in town, Highway 7, is a community-oriented shopping center whose tenants are all "Hong Kong merchants".

60332 Yet another 'mini 'Hong Kong is attempting to be born.

60333 With the 1997 reversion of Hong Kong to China on the visible horizon and troubled by the Tianamen Square Massacre, the peak year of Hong Kong emigrants

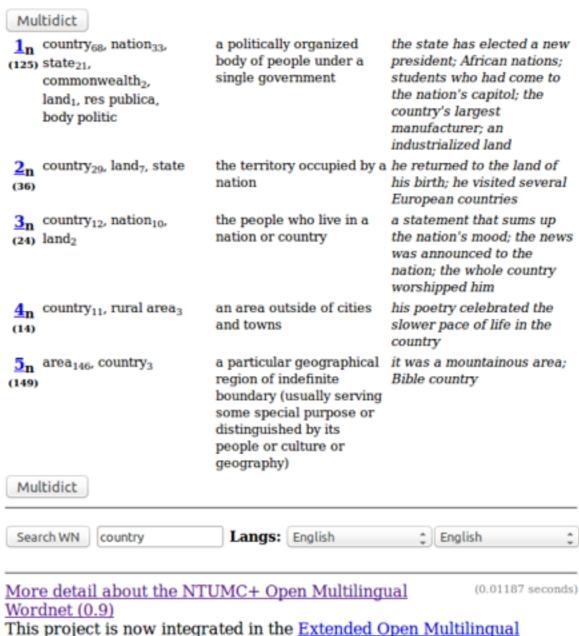

heading for Canada was 1992.
